

STAY FUN Stay Young

Getting older doesn't mean you have to feel older. You're in the prime of your life and you want the stamina to do what you want, when you want. One way is through whole food supplements, like these:

Cellular Vitality—Provides nutrients at the most basic level—the cell

OPC Synergy[®]—As seen in *Allure* magazine, it provides strong, natural antioxidants to help address the effects of aging

For-Til B₁₂[®]—Supports essential cellular and neurological functions

SP Green Food[®]—Provides effective support for the immune, cardiovascular, bone, and liver/detoxification systems*

Ask your health care professional how these products can meet your health goals today so you can feel young for years to come.
